

About

As a freelancer, I try to offer businesses an alternative to paying high prices for graphic design and website development services. From the individual to the small or medium size business, I offer professional and usable custom designs that are competitive both in price and quality. Working from a home office allows me to keep expenses at a minimum which in turn gives me the flexibility to offer these competitive services at reasonable costs.

I have a Cumulative GPA of 3.83 in the Digital Imaging Program at Conestoga College in Waterloo, ON. I've listed the courses and marks below:

	Course	Grade Letter	Grade Number	Grade Point	DREAMWEAVER	A+	95	4.00	ILLUSTRATOR	A	84	3.75	FIREWORKS	A+	96
